What are the automatic payment options?

There are several ways you can make automatic payments for your monthly plan premium and/or your Part D late enrollment penalty (if applicable). You can have your payments automatically processed four ways:

- 1. Deducted** from your Social Security or Railroad Retirement Board check. To deduct your plan premium from your monthly Social Security check, call Member Services for assistance or information. We will be happy to help you set this up.
 - ▶ Social Security will send you a letter confirming your new payment method. Setup can take up to three months before the deductions begin. During this period, you must continue to pay your plan premium from the paper invoices we will continue to mail to you.
 - ▶ If moving to a different county or switching to a different Martin's Point Generations Advantage plan, you must reapply to have your premium deducted from your Social Security (again taking up to three months to begin). This is a Medicare/Social Security process.
- 2. Automatic Fund Transfer** from your bank account.* To transfer your monthly payment automatically from your bank account, call Member Services for assistance or information.
- 3. Charged** to your credit card.* To charge your monthly payment to your credit or debit card, complete the Automatic Payment Options form available on page 8 or on our website, MartinsPoint.org/MedicareMembers. You can also request the form or information from Member Services.
- 4. Online Premium Payment** at MartinsPoint.org/GAPayment

*Withdrawals/charges occur in the first week, but never before the third day, of the month.
