For Martin's Point US Family Health Plan Members

As a member of the Martin's Point US Family Health Plan, you get more than the traditional TRICARE® benefits. Through our partnerships with **EyeMed®**, **Amplifon®**, and **WholeHealth®**, we are able to give you discounts on a number of health care products and services.

DISCOUNTS ON EYEWEAR

You receive eyewear discounts up to 35% off retail prices through our partnership with **EyeMed Vision Care**. You can save on your purchase of a new pair of glasses or on other eye care services that are over and above your free annual routine eye exam provided through the US Family Health Plan. To see how much you can save, visit EyeMed's website. Once on the EyeMed page, choose "Discount Plans" at the bottom. At the keyboard, click on "U" and then on "USFHP at Martin's Point." When calling, use Plan ID: 3021937. When using the provider locator, choose "Access" network.
